An Attempt to Lynch a Negro Caused a Race War.

City in the Hands of a Mob-Several Persons Were Killed and Wounded on Both Sides-Hardware Stores Broken Into.

Evansville, Ind., July 7.-At 1 o'clock Monday morning this city was in the hands of a mob. The troops have been ordered out by the governor to protect the jail, which is sprrounded by 2,000 men. Two Ne. groes have been killed in the race riot, which is rampant. The crowd around the jail, incensed at the murder of a patrolman by a Negro, is shouting death to all Negroes. The Negro has been secretly removed to Vincennes, but the mob refuses to believe it and is trying to tear down the jail. Stone masons in the mob are chiseling out the bars of the windows and a battering ram is being used. A white boy has been shot by a Negro, an unknown Negro woman has been killed and several Negroes have been seriously injured.

The race riot Sunday was the immediate outcome of the shooting of Patrolman Massey Friday night by Leo Brown, a Negro. Brown and another Negro had engaged in a quarrel and Brown had sworn to kill his antagonist. He ran toward his home to secure a revolver and Patrolman Massey, hearing of the trouble, lay in wait for Brown. As the Negro came back armed, hunting his enemy, Massey stepped from a doorway and laid his hand on his shoulder. Brown turned quickly, a revolver in hand, areas. and shot the policeman in the abdomen. The officer as he lay on the sidewalk fired at Brown and wounded him dangerously. Massey died Saturday night.

The steel bars of the jail windows could not withstand the rain of blows from the battering rams of the mob. At 1 o'clock Monday morning the crowd swarmed in and began a search for the murderer. Police Capt. Breennecke tried to check their advance by turning the hose upon them. When he appeared at the window, holding the nozzle, a rain of bullets was sent through the window. The captain retreated and no further attempt was made to keep the mob out. A mob of 200 white men heavily armed was marching through the streets of the city where Negroes would be likely to be found. Shots were heard constantly. It was reported that another Ne-

gro had been shot in First street. Monday morning the crowds on the streets were increasing, and firing to other foreigners. could be heard in all directions. Dis order and deadly rioting were every where and every one of the thousands on the streets was carrying his life in his hands. The police were being cheered for numerous arrests of the Negroes they were making. Every time a Negro was taken into custody the police were applauded and hundreds of people were following the wagon. A whole patrol wagon load of Negroes was picked up on Water street and about 300 shots were fired as they passed up Main street. The mob was still going through the streets looking for Negroes.

After the mob had been in the jail only a few minutes word was brought that a gang of Negroes was congregating at Budd Fruit's saloon, at No. 415 Upper Fourth street, and was firing from windows and roof upon the whites as they passed.

The mob immediately decided to bombard it. A hundred or more armed men, upon command, fell into line and marched from the jail up Fourth street into the Market square, halting in front of Fruit's place. Negroes were to be seen below and in most of the windows, but they quickly dispersed upon the arrival of the mob. Then, upon command of the leader, a building, completely wrecking it. It saloon. It is thought that many of them were hid in the large buildings reported snot, but no dead bodies have been brought in.

HAMMOND PACKING PLANT.

The Main Building at St. Joseph, Mo.,

St. Joseph, Mo., July 6.-The main building of the Hammond packing plant was destroyed by fire Sunday afternoon. The loss is estimated as high as \$1.500,000. It is entirely covered by insurance. Two men lost their lives in the flames. One of them is reported to be Charles Miller, fire marshal at the plant. This located the small waiting room and on could not be verified. Three men were injured, one of them seriously.

For a time the entire stockyards district was threatened. By hard work the Nelson Morris plant, 300 feet north of the Hammond plant, was saved, and this saved the Swift plant, which is to the north of the Nelson Morris building.

NEW YORK BUILDERS' STRIKE. Employes Reach a Plan of Arbitration.

New York, July 4.-President Chas. Eidlitz, of the Building Trades Em pleyers' association, announced Friday night that as a result of the protracted conference between that body and the committee representing 19 unions affiliated with the United Board of Build ing Trades, the points in the plan of arbitration offered some time ago by the employers' association have been accepted by the unions. One of these

is that all main points at issue are to be arbitrated. A second does away with the walking delegates. The plan will be submitted at once to the membership of the different unions. It provides in substance:

When the employers have an agree ment with their employes they shall have a trade arbitration board where all difficulties of that trade can be discussed and adjusted; but in addition eral arbitration board for the settle ment of all disputes between employers and employes, or any question of mutual interest.

Each association represented in the Building Trades Employers' associa tion shall elect two arbitrators to serve for not less than six months. Each union, the employes of which are represented in the Building Trades Employers' association, shall elect two arbitrators, who shall serve for not less than six months, and who shall be in the employment of a member of the Building Trades Employers association at the time of their election The arbitrators from the union shall not be business agents.

The unions as a whole or as a single union shall not order any strike against a member of the Building Trades Employers' association collec tively or individually, nor shall any number of union men leave the works of a member of the Building Trades Employers' association, nor shall any member of the Building Trades asso ciation lock out his employes before the matter in dispute has been brought before the general arbitration board and settled.

Complaints shall be referred to the executive committee of the general ar bitration board, composed of an equal number of employers and employes and it shall be their duty at once to organize a special arbitration board to decide the points at issue. No general arbitrator can act when the dispute is occurring in the trade which he represents.

The employers shall be permitted to engage men outside the union, they to be paid union wages, if the union shall be unable to supply the employer with buildings, the merry-go-round, the all the men he needs, and the em-daughing gallery and other amusement ployer may keep such men if his serv

Mrs. Anderson, a prominent society woman of Jacksonville, Fla., daughter of Recorder of Deeds, West, says:

"There are but few wives and mothers who have not at times endured agonies and such pain as only women know of. I wish such women knew the value of Lydia E. Pink-ham's Vegetable Compound. It is a remarkable medicine, different in action from any other I ever knew and thoroughly reliable.

"I have seen cases where women doctored for years without permanent benefit who were cured in less than three months after taking your Vegetable Compound, while others who were chronic and incurable came out cured, happy, and in perfect health after a thorough treatment with this medicine. I have never used it myself without gaining great benefit. A few doses restores my strength and appetite, and tones up the entire system. Your medicine has been tried and found true, hence I fully endorse it." - Mrs. R. A. Anderson, 225 Washington St., Jacksonville, Fla. — \$5000 forfeit if original of above testimonial proving genuineness cannot be produced.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pink-ham's Vegetable Compound will correct all such trouble at once by removing the cause, and restoring the organs to a healthy and normal condition.

Purest of Emollients and Greatest of Skin Cures.

The Most Wonderful Curative of All Time For Torturing, Disfiguring

Skin Humours And Purest and Sweetest of Toilet Emollients.

Cuticura Ointment is beyond question the most successful curative for torturlng, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing preceded by a hot bath with Cuticura Soap, and followed in the severer cases, by a dose of Cuticura Resolvent, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permit rest and sleep, and point to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair, hands and feet, from infancy to age, far more effectually, agreeably and economically than the most expensive of toilet emollients. "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hands or feet," or "Single treatment of the hair," or "Use after athletics, cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.
